

# Caring for Creation

## Digital Storytelling Workshop

Join us in a workshop led by Dr. Mary Hess of Luther Seminary, on digital storytelling, faith, and what it might mean to share stories of care for Creation. **We will listen carefully, record short memories, and take those moments and put images and music together into a digital short story.**

You only need to **bring yourself and your device** (a smartphone, tablet, or laptop).

**No previous experience with digital technologies is expected**, but if you have some we welcome you to assist others in the workshop.

Your story – if you choose – will also provide a valuable contribution to Mary's sabbatical research project on storytelling and care for Creation.

**February 17th**  
**9am to 3pm**

Lunch will be provided

**First Congregational Church of Oshkosh, WI**  
137 Algoma Blvd.

There is no fee for the workshop, but a free will donation will be taken up for lunch.

You can learn more about the research project of which this workshop is one part at [earth.storyingfaith.org](http://earth.storyingfaith.org).

Register for the workshop at <https://storyingfaith.org/go/oshkosh>
